OFFICE OF PETITIONS

RENEWED PETITION TO WITHDRAW HOLDING OF ABANDONMENT
IN RESPONSE TO DECISION ON PETITION

1. Applicants hereby request reconsideration of the decision to deny the Petition for Withdrawal of Abandonment submitted by applicants on March 13, 2001 in connection with the above-identified application.

Originally Applicants believed that the application had become abandoned for failure to pay the issue fee due on May 15, 2000. Applicants petitioned for a withdrawal of the holding of abandonment because Applicants filed a Continued Prosecution Application in lieu of payment of the issue fee.

Upon review of the decision on the petition to withdrawal of abandonment however, applicants learned that the Continued Prosecution Application was processed and the Office issued a subsequent Notice of Allowance dated August 15, 2000. The notice set a three month statutory period for reply. Since the Office had no record of response to the notice of allowance, the application became abandoned.

Applicants hereby petition to withdraw the holding of abandonment in this case on the basis that the Notice of Allowance forming the basis of the abandonment was not received.

10/02/2002 AUD:DAF1 00000089 09038470
55.00 OP
130.00 OP
01 FC:215
02 FC:122

2. Applicants undersigned attorney hereby states:
 - (a) The Notice of Allowance and Issue Fee Due indicated as mailed on August 15, 2000 was not received.
 - (b) A search of the file jacket and the docket records in my office indicate that this Office Action was not received.
3. I attach a copy of the docket record where the non-received Office Action would have been entered had it been received and docketed.
4. As additional evidence of non-receipt of the Office Action I also attach:
 - a. Redacted copy of the mail log record which discloses receipt of all correspondence received from the PTO on or about there mail date of the non-received Office Action.
 - b. Redacted copy of the docket report on which the Office Action would have been entered had it been received.
 - c. Declaration of Joyce A. Heran-Servis who is the individual who would have handled the Office Action had it been received.
 - d. Declaration of Michael P. Straher, Esq. verifying that the redacted copies of the mail log and docketing report do not contain the alpha code "CELG" which is the alpha code for the present matter
5. Although Applicants' assert that the Notice of Allowance and Issue Fee Due was never received by the Applicants' undersigned attorney during the period stated above, Applicants undersigned attorney has obtained a facsimile of the Notice of Allowance and Issue Fee due dated August 15, 2000. Accordingly, Applicants' response to said Notice of Allowance in the form of payment of the issue fee is being submitted concurrently herewith.
6. In consideration of these submissions it is respectfully requested that the holding of abandonment be withdrawn.
7. The Decision on Petition was mailed on July 3, 2002 setting forth a two-month period to which extensions of time under 37 CFR 1.136(a) are permitted. Accordingly, petition is hereby made under 37 C.F.R. 1.136(a) to extend the time period for response from September 3, 2002 to and through October 3, 2002 comprising an extension of the two-month period for response of one month(s).

8. The petition and extension fees is paid as follows:

- ☒ Enclosed please find a check in the amount of \$185.00 to cover the \$130.00 petition fee and \$55.00 extension fee.
- ☐ Please charge Deposit Account No. 23-3050 the sum of \$130.00. A duplicate of this petition is attached.
- ☒ Please charge Deposit Account No. 23-3050 for any fee deficiency or credit this account for any overpayment for this petition.

Facsimile: (215) 568-3439

DECLARATION OF JOYCE A. HERAN-SERVIS

1. I am the Assistant Docket Supervisor at Woodcock Washburn and have worked in the firm's Docket Department for 13 years.

2. Mail is opened, sorted and date-stamped by the Support Services Personnel at the firm who are trained to identify, collect and forward all office actions to the Docket Department.

3. Once the mail has been opened, stamped and sorted by Support Services, the Docket Department is contacted and the sorted mail is reviewed again by the Docket Department to be certain all office actions and PTO notices have been collected for docketing.

4. The Docket Department then verifies the proper identification of each office action via the firm's computer docket system (PC Master). After proper identification, each office action and notice is entered onto the firm's Mail Log, which serves as a written record for documents received from the U.S. Patent and Trademark Office (PTO) at the firm on a daily basis. The Docket Department personnel initial each action on the upper right hand corner. Copies of the firm's Mail Log for the period of August 14, 2000 through August 31, 2000 are attached as Exhibit A.

RECEIVED

OCT 03 2002

OFFICE OF PETITIONS

5. After the mail is processed by the Docket Department, it is returned to Support Services for copying. When the copying is completed, the original actions and the copies are returned to the Docketing Department.

6. The Docket Department checks the copies and then distributes the originals to the appropriate secretaries and prosecution paralegals and retains the copies for processing of due dates, and the like.

7. Upon receipt of the original actions by the secretaries and/or paralegals, they, pursuant to instructions, look for the date stamp and the initials in the upper right hand corner of the action. These two notations together indicate that the action has been properly processed thus far and that a copy has been made for the Docket Department to assure that the action was entered into the firm's docket system and mail log. If either the date stamp or initials are missing, the secretaries and/or paralegals, pursuant to instructions, assume the action has not been properly processed and bring it to the attention of the Docket Department immediately.

8. Once the item is entered onto the docket software (PC Master), the item will appear on a Rolling Four-Week Docket Report at the appropriate time frame for four weeks prior to the deadline and continuing until the deadline. The weekly docket reports are distributed to attorneys, secretaries and paralegals for monitoring purposes. A copy of the firm's 4 week Master Rolling docket for the period of October 23, 2000 - November 19, 2000

is attached as Exhibit C. Additionally, the Docket Department runs a special 2-day docket report check and E-mails attorneys and their secretaries of outstanding, non-extendible deadlines. These E-mail messages are checked in the "Tracking" section of E-mail to determine whether the message has been opened. Further the Docket Department receives daily an E-mail of the "Out List" for the firm which identifies persons who are not present at the firm. The Out List is prepared by the Receptionist so that the Docket Department can be made aware if an attorney or secretary was out. This would enable the Docket Department, to alert an alternate party, if necessary.

9. Once an Office Action or notice is responded to, the secretary or paralegal sends the Docket Department a Docket Process Form, a copy of which is attached as Exhibit B. The Docket Process Forms identify the case by country, serial number, filing date, due date, and client, and also identifies the communication sent to the PTO and the date it was sent. Each of these areas must match the computer record before a due date is removed. In this way, the Docket Department can safely remove a due date from the action field and place it in the action history of the records.

10. The current docketing system has operated with a high degree of accuracy in situations where communications from the PTO were received by the firm.

11. The firm never received the original Notice of Allowance as is apparent from the attached Mail Log (Exhibit A). It is noted that during this time period, many

communications from the PTO were received. However, the communications received do not include a Notice of Allowance for Serial No. 038,470 (Docket No. CELG-0085). If the Notice of Allowance had been received, it would have been docketed in accordance with the foregoing procedures.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that willful false statements and the like are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any registration issued thereon.

Please verify the correct inventors on this case. The continuation case ADOL-0099 has an additional inventor (Daniel Kaufman) listed. Since ADOL-0099 is a continuation, it should have the same inventors as the parent. Thus, verification is needed for inventorship on both ADOL-0096 and ADOL-0099. Please also note that ADOL-0102 is also a continuation of this case but does NOT have an additional inventor.

The status list indicated this case is a continuation of ADOL-0096 and should, therefore, have the same inventors. However, this case has an additional inventor (Daniel Kaufman) that isn't listed for the parent case. Please verify the correct inventors for ADOL-0099 and ADOL-0096.

PLEASE PROVIDE THE NAME(S) OF THE INVENTORS

DECLARATION OF MICHAEL P. STRAHER, ESQ.

1. I have been an attorney at firm Woodcock Washburn LLP since 1993.
2. I am the attorney responsible for the prosecution of United States Serial No. 09/038,470, filed March 11, 1998 also know as Woodcock Docket No. CELG-0085.
3. I have completed a thorough search the file and my office and have concluded that the Notice of Allowance and Issue Fee Due indicated as mailed on August 15, 2000 was not received by Woodcock Washburn LLP.
4. Enclosed is a redacted copy of the mail log record which discloses receipt of all correspondence received from the PTO on or about the mail date of the non-received Office Action and a redacted copy of the docket report on which the Office Action would have been entered had it been received. I have reviewed both these documents and confirm that the Official Action was not entered on either report due to the fact that it was never received by our office.
5. I confirm that the copies of the mail log record and docketing report have been redacted to exclude the alpha code assigned to a given client. Each of the firm's docket numbers is an alpha numeric code. The alpha code represents the given client while the numeric code identifies the particular matter for that client (e.g., CELG-0085 identifies Celgene as the client and matter number 0085 corresponds to United States Application No. 09/038,470). Disclosure of a given alpha code could potentially identify our client to the public upon issuance of the application in question. In addition, such disclosure could be construed reflect confidential information of those respective clients. Accordingly, the alpha code portion of the docket numbers on the enclosed docket report and mail log have been redacted out.
6. I further confirm that any numeric code "0085" appearing on the docket report or mail log corresponds to an alpha code other than "CELG".

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
